

Dear Incoming Exchange Team,

I start by introducing myself: my name is Martina Serra, I have been accepted as an exchange student for the upcoming Autumn semester in UCPH. I have been granted an economic aid by my home university, Universidad de Buenos Aires (University of Buenos Aires). This aid will cover the flight and the health insurance during my stay at UCPH since I require a coverage in case of repatriation and the Yellow Health Card does not cover it. Taking this into account and the pricing of the student accommodation, I was wondering if the University offers any kind of economic aid for exchange students. Siento que quizás es muy brusco como lo expreso.

Yours sincerely,

Martina Serra.
